# Safeguarding Policy

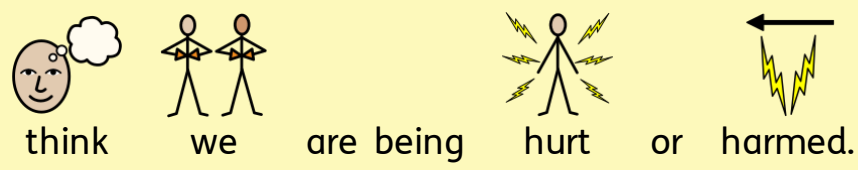

A policy is a set of guidelines which help us know what to do in certain situations.

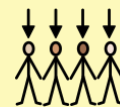

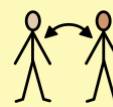

This policy is for us to know what to do if we

think we are being hurt or harmed.

 At  Summat  Creative  we  know  everyone  should  feel safe.

 We  think  it's important  to look after  each other.

 Sometimes  people  can  be cruel  or unkind,  this  is called

 abuse.

 We  all  need  to protect  each other  from  abuse.

 This  is called  Safeguarding.

 We  all  are responsible  for Safeguarding.

There are lots of different kinds of abuse.

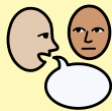

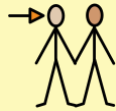

Sexual abuse is when someone says you should touch

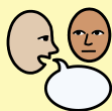

each other in the private places on your body when you

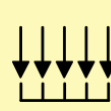

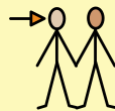

don't want to.

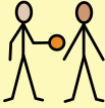

Or when they talk to you about private things you don't like.

Emotional abuse is when someone says unkind or mean things.

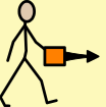

Or when they make you feel bad all the time.

  is  when  somebody  hurts or  harms  your  body.

 This  can be  by  not  giving  you  food or  by  causing

 you  an injury.

 **Financial**  **abuse** is  when  someone  takes  your  money or  doesn't

 let  you  have  your  money.

If you think that you, or someone else is being hurt or abused,

you can tell someone.

At Summat Creative you can tell Lucy if you are worried

about yourself or anyone else.

You can ask to talk to her at any time, or you can phone her.

01234

Lucy's phone number is 07973 513 806.
